## **JOB TRAINING AUTOMATION (JTA) SYSTEM VERSION 4.52.0**

### **WIA System**

#### **Programs Modified**

##### **Log #6566      PWIP & XWIP**

Supportive Services and Needs Related Payments fields were added to Section III of the report. The Supportive Services count includes those enrolled in activity code "81". The Needs Related Payments count includes those enrolled in activity code "82". This is required for the National Emergency Grants (NEG), however it can be useful on other reports/grants.

##### **Log #6568      XLWPR**

A programming modification was made to the standard performance calculations to include all ARRA grants except summer youth.

##### **Log #6569      XLWDQ**

A programming change was made to the participant portion to calculate unique counts. The program will no longer pull records from the lwib\_partic\_sumry table.

##### **Log #6570      XLWDQ**

The program change will add ARRA grant types to the participant portion of the report and include the ARRA grants in the formula only calculations.

##### **Log #6586      XLWCP**

The program change was made to exclude the Temporary Assistance for Needy Families (TANF) Youth Waiver Clients from the Youth Placement in Employment or Education (YCP), Youth Attainment of a Degree or Certificate (YCD) and Youth Literacy and Numeracy Gains (YCL) calculations.

The Department of Labor granted California a waiver from the use of common measures to allow the State to use the work readiness indicator as the sole indicator of performance for youth co-enrolled in TANF and WIA funded summer employment activities. The waiver does not apply to summer youth employment activities funded solely with WIA formula funds. [Workforce Services Directive [WSD10-08](#)]

#### **Log #6587      PARYL & XARYL**

A programming modification was made to move the current field 14 to the bottom of Section A as field 19. A new field 14 was added as a Number of Participants Transitioning into Unsubsidized Employment.

The DOL revised reporting requirements to include the sum of youth participants who participate in either summer youth employment or a work experience outside the summer months that subsequently transition into unsubsidized employment. #### **Log #6592      XWID**

A programming modification was made to no longer require test records for the TANF youth waiver clients even if they are basic skills deficient and met the age requirements.

The DOL granted a waiver from providing an assessment for TANF and WIA youth co-enrollment participants in summer youth employment activities, effective from May 1, 2010 through September 30, 2010.
